Roadmap to Radiance

by Camden Hoch

Camden's story is remarkable because of her raw vulnerability, and her courage to share in a not always pretty story in order to find her own truth, and also to help others find theirs. Whether you had a difficult childhood or a mostly positive one, we've all faced challenges. Camden's story will inspire you to find your courage and embrace your vulnerability in order to get to a more fulfilling and connected life. It's a quick and inspiring read. ~ Sara

It's a thrill to be reading Camden's first book. She is wise and has so much to share. Her radiance will add light to your life. I'm sure this is the first book of many, and as she writes in one chapter of a friendship that fit like a puzzle piece, so too will this book be part of a mosaic of radiant gems. ~ Jenny

This book is filled with words that are raw, vulnerable and convey a story of courage, love and strength. I was touched by the stories in a deep way because we all struggle and go through things in life that really suck. However, we have a choice to come through it and can use it to better this world and help others. Camden is truly an inspiration, which is why I highly recommend this book. ~ Anonymous

Camden Hoch is an author, speaker, life coach, yogini, wife and mom. She has mentored and empowered hundreds of people to discover their spiritual alignment of who they are with what they create in the world in every aspect of their lives. Camden lives with her husband Luke and their two children in Sausalito, California. More information can be found at:
